### Professional Judge A

- Good start
- A lot of use of red, green, white
- Effect shells looked cluttered
- Nice wheels

### Professional Judge B

- Great big moments and use of brightness contrast.
- Cracking faux finale.
- Great gold waterfall sequence.
- Many varieties of multi colour in different formats.
- I think that the layering and combinations not as good as show one.
- Some low/poor quality sections that lost my attention.
- More dramatic in contrast between highs and lows.
- But lows too low.

### Professional Judge C

- Beautiful multi-coloured sequences.
- At times there was too much in the air, with effects and patterns spoiling each other.
- Strong ending, with the false climax adding a powerful and surprising twist.
- The set piece wheels were lost, their scale was far too small and they didn't connect to the higher-level effects.

### Lay Judge A

- Lovely colours.
- Nice white flashes.
- Lots of variety.
- Great finale.
- Didn't like the smiley faces.

### Lay Judge B

- Great variety.
- Fast, sharp rhythm throughout.
- Great burst of colour.
- Love sequence of bouquet of bright flowers

### Lay Judge C

- Kept my attention all the way through.
- Colour was brilliant and worked with the display.
- Loved the hearts and felt the 3D effect worked really well.
